|                                | Brian Madjo         | Ankle/Foot Injury       | Aug 23: '[Manzambi needs] two weeks more... more or less. Madjo has a small injury, and I think he can get progressively better and start training with us as well, but he may need some days more.'                                                                                                                                                                                                                       | 12/09/2026     | Not Available            | Ruled Out |
|                                | Johan Manzambi      | Knee Injury             | Sept 04: 'He's training with the group, and he's progressively getting better, feeling good. But he will need some more days for Tuesday in the Champions League or for our next match against Nottingham Forest at home.'                                                                                                                                                                                                 | 08/09/2026     | Currently Being Assessed | 25%       |
| Brentford<br>(5)               | Joshua Dasilva      | Thigh Injury            | Sept 04: 'That'll knock Josh out until the international break. It's nothing too serious, but it's obviously disappointing for him, we're disappointed, as he's making his way back to that type of level, intensity and the performance levels he needs to get to. That takes a little bit of time from where he's been and the time out he's had, but we'll keep going and keep pushing Josh to get back to that level.' | 10/10/2026     | Not Available            | Ruled Out |
|                                | Antoni Milambo      | Knee Injury             | Sept 04: 'Antoni is looking really good. He's moving well. He was involved in an 11 v 11 on Wednesday, which was his first involvement in that type of scale and intensity, and on that size of pitch. He recovered well from that and trained with us again this morning. The plan for Antoni is to be involved in a B-team game over the next couple of weeks.'                                                          | 10/10/2026     | Not Available            | Ruled Out |
|                                | Sepp van den Berg   | Groin/Hip/Pelvic Injury | Sept 04: 'Sepp is making really good progress. He's been back on the grass for the last week or 10 days, so he's getting there. He's in a good place to come back after the international break. That's realistic.'                                                                                                                                                                                                        | 10/10/2026     | Not Available            | Ruled Out |
|                                | Mathias Jensen      | Other                   | Sept 04: 'No, he won't be back. He has a little issue. He'll miss this week and possibly next week. We'll see how he settles over the next couple of weeks. It's nothing serious, but he certainly won't be available for tomorrow.'                                                                                                                                                                                       | 18/09/2026     | Not Available            | Ruled Out |

| Everton<br>(1)    | Christian Norgaard | Other                   | Aug 28: 'Christian is still not there - he's not making great progress at the moment, so it's not something which we're probably going to get back quickly. We'll just see how that develops.'                                                                                                                                                                    | 12/09/2026 | Not Available            | Ruled Out |
| Fulham<br>(2)     | Tom Cairney        | Knee Injury             | Aug 05: 'Tom underwent a minor surgical procedure to his left knee earlier today. He will now undergo a rehab programme with the Club's medical and performance staff, and is expected to return to training after the September international break.'                                                                                                            | 17/10/2026 | Not Available            | Ruled Out |
|                   | Luc De Fougerolles | Knee Injury             | Aug 28: 'We don't know yet, but we hope it's nothing serious. He needs to play every week, so maybe we need to take a decision over the next few days. Maybe he's not ready for Sunday. We'll see'                                                                                                                                                                | 12/09/2026 | Currently Being Assessed | 25%       |
| Hull City<br>(14) | Eliot Matazo       | Knee Injury             | Apr 27: 'Hull confirm midfielder Eliot Matazo has suffered a second anterior cruciate ligament injury (ACL), this time to his right knee. The 24-year-old was withdrawn in the early stages of the trip to Charlton Athletic, 14 months after sustaining the same injury to his other knee at Cardiff City in February 2025.'                                     | 20/02/2027 | Not Available            | Ruled Out |
|                   | Darko Gyabi        | Groin/Hip/Pelvic Injury | Aug 16: 'Darko is out for 12 weeks, three months, and this makes me very unhappy.'                                                                                                                                                                                                                                                                                | 21/11/2026 | Not Available            | Ruled Out |
|                   | Jack Butland       | Arm/Elbow Injury        | Aug 29: 'Jack is in a good way, he feels fine. He's very optimistic, and the prediction was three months, but he told me that he will be on the grass again in six weeks. He's a superhero. This is how he feels, so we will see.'                                                                                                                                | 21/11/2026 | Not Available            | Ruled Out |
|                   | Ilyas Ansah        | Lower Back Injury       | Sept 05: 'Minimum six weeks. So we will see now - maybe we will send him to Germany to be at home. We signed the player, the player is good, he didn't know he has this. If we didn't send him for medical, just sign the contract, he would play until more problems.'                                                                                           | 25/10/2026 | Not Available            | Ruled Out |
|                   | Charlie Hughes     | Groin/Hip/Pelvic Injury | Aug 29: 'Charlie is good. We are positive, we are looking forward, and in a maximum of seven weeks, he should be in group training. This is the latest news. He should carry on like this and then take some steps to do better and better when he is much stronger in his pubic bone, and then no pain, of course, and then he can start on the grass sessions.' | 25/10/2026 | Not Available            | Ruled Out |
|                   | Hidemasa Morita    | Groin/Hip/Pelvic Injury | Sept 05: 'Morita, he is three weeks out, now two weeks, with adductor, some problems after Coventry. No, no, no [not the calf], but this is also the reason because he missed the pre-season.'                                                                                                                                                                    | 19/09/2026 | Not Available            | Ruled Out |
|                   | Oscar Zambrano     | Thigh Injury            | Aug 20: 'Zambrano is still out, and he's now started with individual sessions.'                                                                                                                                                                                                                                                                                   | 12/09/2026 | Not Available            | Ruled Out |
|                   | Matt Crooks        | Thigh Injury            | Sept 09: 'Crooksy, I thought he would be available for this game, but we didn't. Precaution, we didn't want to take risk. If it's the last 3/4 games, I will push you, but there is no need.'                                                                                                                                                                     | 08/09/2026 | Currently Being Assessed | 50%       |
